AVERAGE ANNUAL SNOWFALL: 280 inches (711 centimeters)

All information is subject to change. All slopes, trails and lifts are closed to the public outside of operating hours, and are opened and closed at the discretion of Telluride Ski Resort.

Know the Code — It's Your Responsibility

1. Always stay in control. Be able to stop or avoid other people or objects.
2. People ahead or downhill of you have the right-of-way. You must avoid them.
3. Stop only where you are visible from above and do not restrict traffic.
4. Look uphill and avoid others before starting downhill or entering a trail.
5. You must prevent runaway equipment.
6. Read and obey all signs, warnings and hazard markings.
7. Keep off closed trails and out of closed areas.
8. You must know how and be able to load, ride and unload lifts safely. If you need assistance, ask the lift attendant.
9. Do not use lifts or terrain when impaired by alcohol or drugs.
10. If you are involved in a collision or incident, share your contact information with each other and a ski area employee.

The Colorado legislature, recognizing risks are inherent in the sport, has passed the Colorado Ski Safety Act which provides inherent risks of the sport and relative responsibilities of the skier and the ski area. You must obey the act. Under the act, any person using the facilities of a ski area is considered a skier. A summary of the inherent risks is listed below:

WARNING Under Colorado law, a skier assumes the risk of any injury to person or property resulting from any of the inherent dangers and risks of skiing and may not recover from any ski area operator for any injury resulting from any of the inherent dangers and risks of skiing, including: changing weather conditions; bare spots; rocks; stumps; trees; collisions with natural objects, man-made objects, or other skiers; variations in terrain; failure of skiers to ski within their own abilities; as well as cliffs, extreme terrain, jumps and freestyle terrain.

Extreme Terrain contains cliffs, very steep slopes as well as rocks and other hazards. Skiing or boarding Extreme Terrain is for EXPERTS ONLY.

Freestyle terrain areas are designated with an orange oval and may contain jumps, hits, ramps, banks, fun boxes, jibs, rails, half pipes, quarter pipes, snowcross, bump terrain and other constructed or natural terrain features. Prior to using freestyle terrain, you are responsible for familiarizing yourself with freestyle terrain and obeying all instructions, warnings and signs. Freestyle skills require maintaining control on the ground and in the air. Use of freestyle terrain exposes you to the risk of serious injury or death. Inverted aerials are not recommended. You assume the risk.

WARNING. FOR YOUR PROTECTION. Pursuant to the Colorado Ski Safety Act, Telluride Ski Resort assumes no responsibility for the safety and welfare of skiers going beyond the ski area boundary. Areas beyond the ski area boundary are not patrolled or maintained. Avalanche danger and other hazards exist. You are solely responsible for your safety and welfare. Rescue in the backcountry, if available, will be costly and may take time.

Individuals may only access US Forest Service land from designated backcountry access points through gates that are located and managed at the discretion of the USFS. Location of the access gates may change at any time. Once a skier exits the ski area boundary, the ski area and its ski patrol have no duty to provide care and rescue services to anyone. Persons using the backcountry access gates assume any and all risks and dangers associated with backcountry access, including serious bodily injury and/or death. Violation of boundary policy will result in loss of skiing privileges and removal from the ski resort.

Lift Safety. Be advised, a person cannot board a lift unless they have sufficient physical dexterity, ability and knowledge to use such lift safely, or until that person has asked for and received sufficient information to use the lift safely. No person may use a lift or any ski trail when under the influence of drugs or alcohol.

CAUTION – Deep snow or tree wells can expose you to the risk of snow immersion injuries or fatalities. Educate yourself on how to reduce the risks and ALWAYS SKI OR RIDE WITH A PARTNER.

WARNING: Risk of avalanche – While snow safety and avalanche mitigation efforts are in place, the danger of

SLOW ZONES. Certain areas (indicated in yellow on the map) are designated as SLOW ZONES. Observe all posted slow areas by maintaining a speed no faster than the flow of surrounding traffic. Fast and aggressive skiing will not be tolerated and may result in removal from the ski resort.

Uphill In-season Access: Uphill access is only permitted on ski trails in the Lift 10 "Sunshine" pod, with the exception of Sundance Ski Trail, during hours from 8 a.m.–4 p.m. Authorized uphill activities include Nordic skiing, snowshoeing, uphill skinning, trail walking and running. Fat tire biking, uphill skinning, snowshoeing, trail walking, running and Nordic skiing are permitted in the same area after the ski operations at 4:30 p.m. until 10 p.m. Users do so at their own risk. Uphill access on the rest of Telluride Ski Resort is prohibited.

Drones Prohibited.
Unmanned aerial drone use by guests or the media is prohibited without prior written approval of Telluride Ski Resort.

Unmanned aerial drone use by guests or the media is prohibited without prior written approval of Telluride Ski Resort.

You are responsible for avoiding skiers and riders in front of you. Be aware and stay safe! If you're involved in a collision, remain on the scene and provide your contact information to an employee of the ski area.
