EASIEST RUN FROM TECUMSEH EXPRESS

Pipeline Trail is the Nordic trail that connects the alpine mountain to the town and can be followed all the way down to Town Square.

Know the Code. It's Your Responsibility.

This is a partial list. Be safety-conscious. Officially endorsed by: National Ski Areas Association

Skiing can be enjoyed in many ways. At ski areas, you may see people using alpine, snowboard, telemark, cross country, and other specialized ski equipment, such as that used by disabled or other athletes. Regardless of how you decide to enjoy the slopes, always show courtesy to others and be aware that there are elements of risk in skiing. It is the common sense and personal awareness can help reduce. Observe the code listed adjacent, and share with other skiers the responsibility for a great skiing experience.

- Always stay in control, and be able to stop or avoid other people or objects.
- People ahead of you have the right of way. It is your responsibility to avoid them.
- You must not stop when you obstruct a trail, or are not visible from above.
- Whenever starting downhill or merging into a trail, look uphill and yield to others.
- Always use devices to help prevent runaway equipment.
- Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
- Prior to using any lift, you must have the knowledge and ability to load, ride, and unload safely.
