🐾 Ski School Meeting Place

🌲 Tree Skiing

🟡 Slow Area

📶 Free Wi-Fi

The U.S. Trail marking symbols are used to indicate the degree of difficulty. Because trail layout, terrain, weather, etc., varies between different ski areas, the symbols used are relative to each mountain only. A novice trail at one mountain may be an intermediate trail at another. When in doubt, ask.

## MOUNTAIN STATS

Summit Elevation: 4,062 feet | Average Annual Snowfall: 200 inches | Vertical Drop: 2,112 feet | 48 Trails | Skiable Acreage: 225 acres | Snowmaking: 90% coverage

- 1 Surface Lift (Snowbelt)

### TRAILS & TERRAIN

#### Difficulty Ratings

- 20%
- 47%
- ◆ 33%

Polecat Trail: Longest, novice ski trail in New Hampshire, 2.75-mile beginner trail from the summit.

Wildcat Valley Trail: A 17.8-kilometer expert, cross-country ski trail, with a 3,240-foot vertical from the summit of Wildcat to Jackson Village along the Jackson Ski Touring Foundation trail system.

## YOUR RESPONSIBILITY CODE

The provisions of N.H. Rev. Stat. Ann., Title XIX, Section 225 et. seq., govern the responsibilities of all skiers, riders, and guests and are incorporated herein by reference. Skiing and snowboarding can be enjoyed in many ways. At ski areas you may see people using alpine, snowboard, telemark, cross-country, and other specialized ski equipment, such as that used by persons with disabilities or other skiers. Regardless of how you decide to enjoy the slopes, always show courtesy to others and be aware that there are elements of risk in skiing that common sense and personal awareness can help reduce. Observe the code listed below and share with other skiers the responsibility for a great skiing experience.

- 1) Always stay in control.
- 2) People ahead of you have the right of way.
- 3) Stop in a safe place for you and others.
- 4) Whenever starting downhill or merging, look uphill and yield.
- 5) Use devices to help prevent runaway equipment.
- 6) Observe signs and warnings, and keep off closed trails.
- 7) Know how to use the lifts safely.

## UPHILL HIKING/SKIING ROUTE

When climbing, hiking, or manually ascending Wildcat Mountain, the designated uphill route is Stray Cat to Middle Polecat to Catnap to Upper Polecat. Users of facilities do so under NH statutes S225-A:24 and RSA 637:8. Visit [skiwildcat.com](http://skiwildcat.com) for the current uphill policy.

## SKI BOUNDARY & TREE SKIING POLICY

- 1) Trees and backcountry areas beyond the Ski Area Boundary are not maintained or patrolled by Wildcat Mountain.
- 2) Trees may contain hazards that will not be marked.
- 3) Trees are recommended for EXPERTS ONLY.
- 4) When you pass beyond the Ski Area Boundary, you leave the area of Ski Patrol Services. You are responsible for your own actions, your own rescue, and the cost of your rescue.

This institution is an equal opportunity provider and is operated under special use permit with the White Mountain National Forest.
